

d'arbo
Since 1879

Darbo All Natural preserves are available in mini jars made especially for catering establishments. Delicious fruits which have been selected with special care, together with a very high fruit content make Darbo All Natural preserves a real taste sensation. Darbo All Natural preserves are based on an old family recipe. Then, as now, we only use high-quality fruits which are gently heated and stirred. This helps preserve the natural fruit aroma. We do not add artificial colourings or preservatives to our All Natural preserves – in fact it is prohibited by law.
